

WiPro III - Upgrade - Form

Dear Sir or Madam,

you want to extend your WiPro III with the safe.lock function? You do not need to buy a new alarm system:

- Remove the central control unit of WiPro III by yourself or a garage
- Fill out this form, print it out and sign it
- Send both together to Thitronik
- WiPro III receives a comprehensive upgrade
- You will receive the invoice by mail
- Transfer the upgrade costs (64,95€) on the specified account (prepayment)
- Return shipment of the WiPro III safe.lock
- Re-installation of the central control unit
(connection of two new electric wires for the central locking system)
- Re-learn the existing wireless accessories
(Input and output tests require this step)

64,95€ incl. return shipment (shipping: 15,00€)

Soft- and hardware upgrade, cable harness extension kit
